WORK EXPERIENCE

Full Stack Engineer IDEXX / ezyVet

06/2023 - Present

Auckland, New Zealand

The next generation in cloud-based Practice Management software.

Achievements/Tasks

- **Primary contributor** in addressing rate limiting issues related to partner integrations through the use of **Lambda** and **SQS**.
- Skilled in **front-end**, transitioning between teams as needed for resource allocation.
- **Scrum Master** - adhering to scrum guides and facilitating meetings for my team.
- Provide **guidance** juniors and even seniors on subjects in which I am proficient, such as **AWS**.
- **Proactively fixing bugs** even when it's **unprompted**.

Full-stack Developer Intern ezyVet

11/2022 - 02/2023

Auckland, New Zealand

Achievements/Tasks

- **URGENT BUG**: Fixed Invoice not being able to be unapproved. **Unblocking** invoice transaction in production. Working with **company critical** ticket as an intern.
- Built data exporting **automation tool**. Saved **20mins** per export.
- Developed **Integration tests** to main monolith help developers **catch errors** in **pipeline**.
- **Pipeline** to **auto build** and **serve** minified API Doc.

Full-stack Developer Finappster

03/2022 - 06/2023

See the socially responsible performance of your investments. This is a student based project with new team every semester.

Achievements/Tasks

- **Containerizing** multiple backend servers.
- Automated development server setup. Saved **30mins** per setup with a single command.
- Defining branch, commit and code **standards** for future teams.
- **Fixing bugs** and **refactoring** code to follow new standards.

INTERESTS

I love to follow Primagen, Theo Browne, Dan Abramov, Ryan Carniato, Rich Harris and Lee Rob because they are my inspiration.

I like photography and filming videos. I go out and take photos with my friends.

Usually I play a lot of video games with my friends on my free time.
